Letter of Intent – Global Edge Wholesale Network Services

Dear

Thank you for confirming your intention to proceed with Global Edge for the supply of wholesale Network Services on the Global Edge Network. This letter records that intention so that we can set up your account and give you portal access straight away, while the Master Services Agreement (together with any Service Orders you place under it, the **Agreements**) is finalised and signed.

This letter is not the final contract and neither of us is committed to signing the Agreements.

Getting started. On countersignature of this letter, Global Edge will establish your account on the Global Edge portal (globaledge.network) and provide you with access, so that you can browse and order Network Services. No Network Services will be provisioned, and no equipment will be delivered based on the orders you place via the Global Edge portal until the Master Services Agreement has been executed. You may however, request via email (and Global Edge must confirm) that Global Edge activate services and deliver equipment prior to execution of the Master Services Agreement.

If we don't proceed. Either of us can end this letter at any time by written notice, including by notifying the other that the Agreements will not be signed. If you do not proceed with the Master Services Agreement, any orders you have placed will be cancelled and your Global Edge portal account will be closed. However, if you have chosen to activate any Network Services or order any hardware and then do not proceed with the Master Services Agreement, those active services will revert to retail circuits and will remain active at Global Edge's standard retail rates (or such other rates as we may agree in writing). Cancellation of any live services will incur the cancellation charges set out in the Master Services Agreement, notwithstanding that the Master Services Agreement has not been executed.

Ownership. The Global Edge Network, the Global Edge Equipment and all Intellectual Property Rights in the Network Services always remain the property of Global Edge (or its suppliers), and nothing in this letter transfers any rights in them. Access to the Global Edge portal, or activation of any Network Service, does not give the Customer any ownership or other property rights in the Global Edge Network or any Global Edge Equipment.

Announcements. Global Edge is a member of the Activeport Group of companies, whose parent, Activeport Group Ltd, is listed on the Australian Securities Exchange (ASX: ATV). The Customer acknowledges that, if Activeport or the ASX determines that this letter or the Agreements are

material and require disclosure under the ASX Listing Rules, that disclosure may be made to the ASX, and Global Edge will where practicable, give the Customer reasonable advance notice of its content. Otherwise, and consistent with the Master Services Agreement, neither party may issue any press release or make any public statement or announcement regarding the other party, this letter or the Agreements without the other party's prior written consent.

Unless we agree otherwise in writing, this letter ends when the Agreements are signed (at which point the Agreements govern all work, including work already performed) or 90 days from the date of this letter, whichever comes first.

This letter is governed by the laws of Western Australia, consistent with the Master Services Agreement.

If this reflects our understanding, please countersign below, return a copy and we'll get started immediately.

Yours sincerely,
